1.2.1 Venn Diagrams

Venn diagrams are very useful in visualizing relation between sets. In a Venn diagram any set is depicted by a closed region. Figure 1.2 shows an example of a Venn diagram. In this figure, the big rectangle shows the universal set S. The shaded area shows another set A.

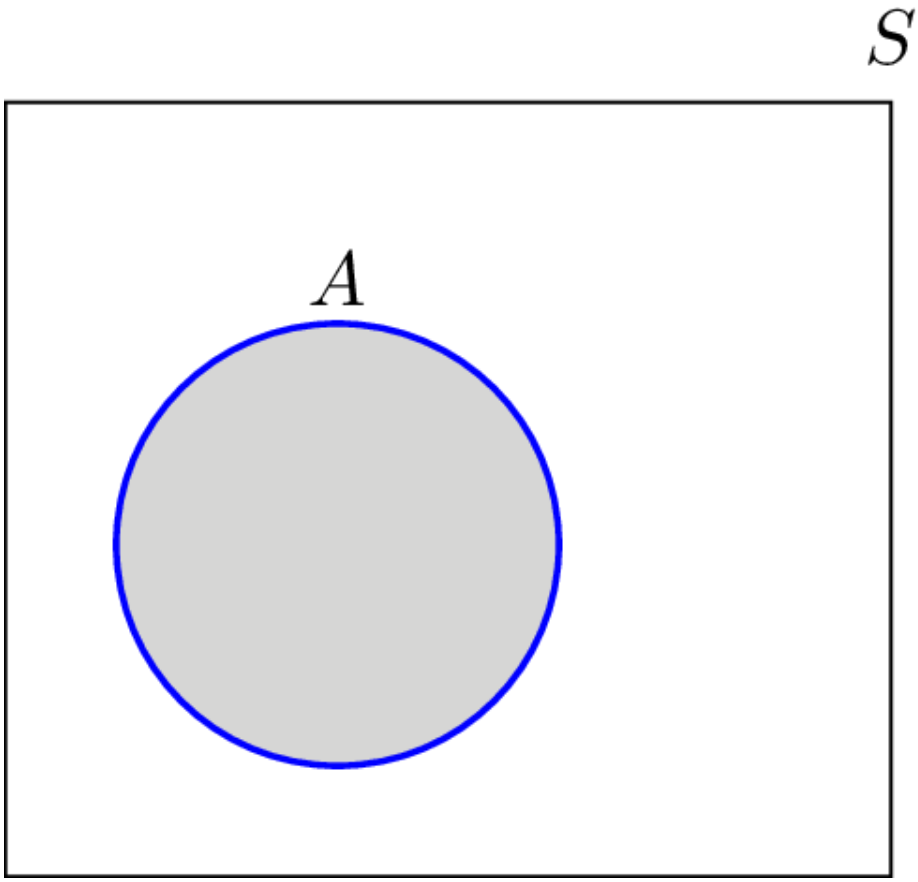

Fig.1.2 - Venn Diagram.

Figure 1.3 shows two sets A and B, where $B \subset A$.

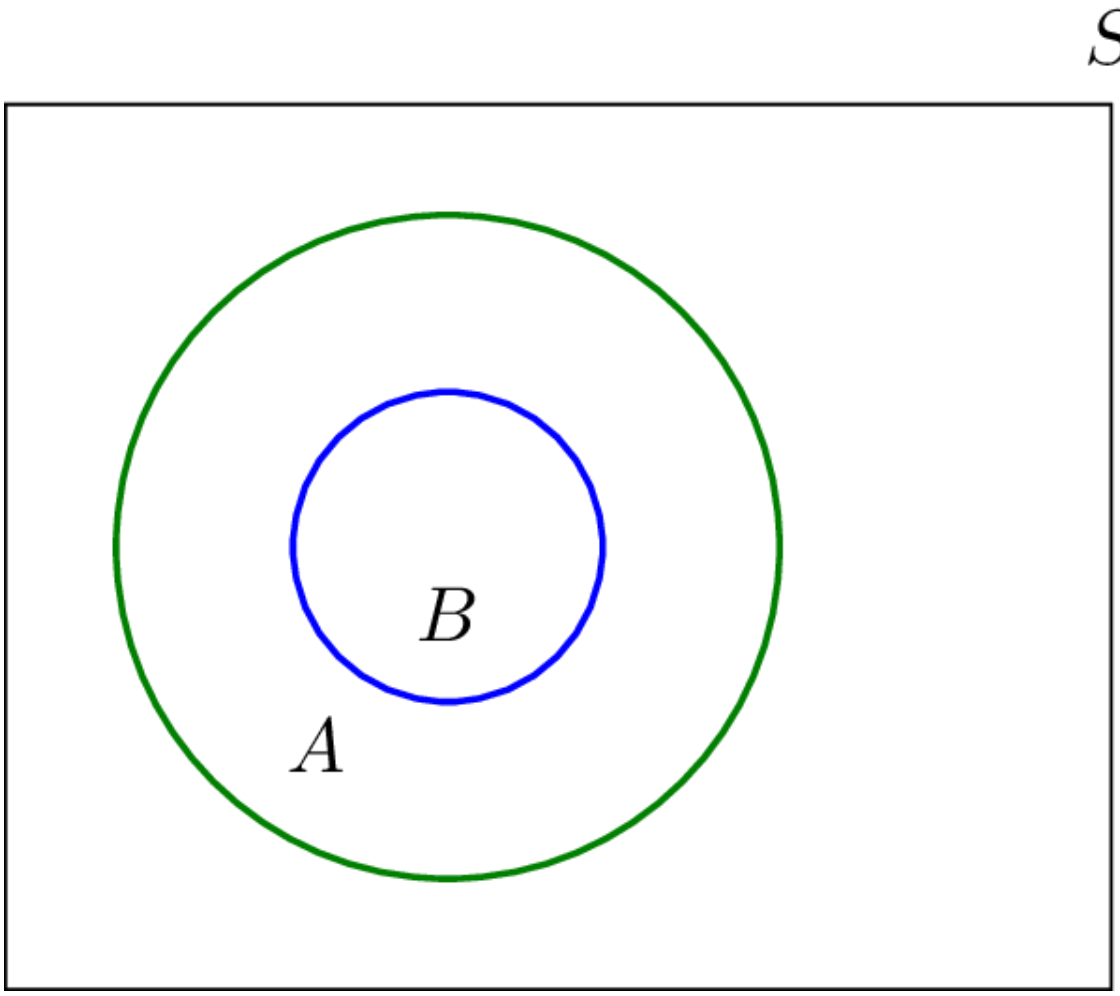

Fig.1.3 - Venn Diagram for two sets A and B, where $B \subset A$.
